Description:

This frame American Foursquare style house is located on the southeast corner of Maple and High Streets. It is covered with German siding and has a wraparound porch. It is a two story, three bay structure with the characteristic hipped roof. The roof covering is slate and there are hip roofed dormers. Windows have single pane sash. A second story window on the High Street facade has a semi-hexagonal projection. A wraparound porch protects the Maple and High Street elevations. An iron fence encloses the yard.

This house portrays the growth of Funkstown's secondary streets in the early 20th century.
